

ROTARY HEAT PRESS + Table | EMT SERIES (Pro Roll-by-sheet Sports)

Easty specializes in making continuous high-speed calendar heat press with oil heated drum. Besides speed, they are also built with strict standard, providing you a durable, stable and efficient rotary heat press. All make EMT a perfect calendar heat transfer machine for transferring onto continuous roll substrates or heat fixing pigment-printed fabrics at a low cost.

EMT Rotary Heat Press is with latest technology for exceptional temperature control and printing quality. It's equipped with endless 100% Nomex felt and the heaviest roller, to ensure firm and uniform pressure, result in a flawless ink application.

The advanced oil-filled drum is designed to meet demands for quality inkjet/ dye sublimation transfer. This self-contained system assures a minimum energy consumption and uniform temperature across the width of the printing area. Easty calendar press is also equipped with multiple safety system, lightweight roll shafts to minimize downtime and maximize the return of your investment, with exceptional printing quality.

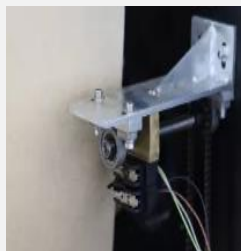

EMT has a solid, unitized design with forged-steel frame like other Easty heat presses, allowing it to work with the best stability and dependability under intensive condition. Our calendars never compromise. Thoughtfully engineered and high productivity machine, and professional aftersales service, are the reasons to invest in Easty heat press for all dye-sub printing jobs.

Optional touch screen upgrade

Optional External Power Box upgrade

Auto felt centering device

Auto felt release & Pneumatic bar for pressure

Adjustable Pressure

Calendar Press Features

- Transfer Printing
- Direct inks reactivation
- Thermosetting – heatsetting

Youtube Video

Calendar Press Features

- Auto shut-down (when cool down to 100°C)
- Oil filled heating system with Sealed switch
- Dual-layer hard chrome drum
- Stronger heating elements (resistors)
- Nomex felt with manual tension adjustment & Auto felt-centering device & alignment roller for belt
- Wise felt tension/ tighten/ release, felt can be fully released from drum in case black out
- Optional fabric collecting device for EMT, upgrade air shaft, tensioner, conveyor
- Optional External Power Box (Adjustable Power; Ammeter, Voltmeter detection; Fully separate parts from high temperature)
- Optional Intelligent Touch Screen Control (Auto Switch On; User Friendly Settings; Smart Blanket Alignment)
- EMT-B.Pro backside collection design available

Calendar Press Specifications

EUROTEC EMT	1742	1842	2042	1760	1860	2060	1880	2080
Heating Media	100% Oil Filled + Heating Elements							
Voltage	3 phase, 220V / 380V							
Power (KW)	25.2	27	30	45.9	48.6	54	64.8	72
Diameter	420mm (16.54")			600mm (23.62")			800mm (31.50")	
Heat Element	15pcs			27pcs			36pcs	
Transfer width (m)	1.6	1.7	1.9	1.6	1.7	1.9	1.7	1.9
Process path	Feeding in through top of drum							
Application	Roll-to-roll & Piece-by-piece							
Rollers	4 feeding & 2 collecting rollers (Extra fabric roll collecting device can be upgraded)							
Working table	YES (2.5m/3m or customized length, glass not included)							
Blanket size (m)	1.65*3.25	1.75*3.25	1.95*3.25	1.65*3.85	1.75*3.85	1.95*3.85	1.75*4.7	1.95*4.7
Machine size(m)	2.45*1.46 *1.43	2.55*1.46* 1.43	2.75*1.46* 1.43	2.57*1.57 *1.7	2.67*1.57 *1.7	2.87*1.57 *1.7	2.84*1.8 8*2.1	3.04*1.8 8*2.1
Packing size(m)	2.74*1.54 *1.70	2.84*1.54* 1.70	3.00*1.68* 1.70	2.74*1.68* 1.90	2.84*1.68* 1.90	3.00*1.68* 1.90	3.04*2.0 *2.30	3.14*2.0 *2.30

- Parts are eligible for 1 year warranty under proper use (from EXW-factory time), not include consumables, felt & drum
- Other machine sizes available upon request
- Machine produced according to CE rules
- HS Code: 8443399000
